Self-Introduction

"Hello everyone! My name is Barun Wason, and I am currently pursuing my BCA degree. With a genuine passion for coding and technology, I have achieved commendable grades in subjects like C++, C, Python, Java, and web development. I find great joy in programming and thrive on the challenges it presents.

In addition to my technical skills, I possess excellent time management abilities. Balancing my commitments to college, the gym, and various household tasks has taught me the art of efficient scheduling. Moreover, I have developed culinary skills and can whip up decent meals. Being a quick learner, I have gained proficiency in several programming languages such as C, C++, Python, HTML, JavaScript, and Java.

When it comes to my hobbies, coding undoubtedly tops the list. I enjoy exploring new programming concepts and building practical applications. This passion drives me to constantly expand my knowledge and stay updated with emerging trends in the field.

In the short term, my goal is to excel in my BCA program and gain hands-on experience through internships and personal projects. I aim to strengthen my programming skills further and explore diverse areas within the realm of technology.

Looking ahead, my long-term goal is to create a successful career that offers financial stability and a healthy work-life balance. While I am motivated by financial prosperity, I also value the importance of a fulfilling and wholesome life beyond just monetary gains.

In essence, my motto in life is to pursue excellence and embrace continuous growth. I believe that by leveraging my technical expertise, time management skills, and passion for coding, I can create a meaningful impact in the world of technology. I am excited to embark on this journey and connect with like-minded individuals who share my enthusiasm for innovation and success. Thank you for your time!"

Event

1. Topic of the Event: Confidence-Building Skills

2. GROUP NO. 5

3. Complete Details of the organizing Group members:

S.No	Name and photo of the student	Enrollment. No	Role
1.	Dhruv Parashar 	00129802021	Presentation
2.	Karthik Nair 	00229802021	Presentation design

3.	Barun Wason 	00329802021	Poster
4.	Saurabh Sharma 	00429802021	Content of presentation
6.	Dhruv Kaushik 	00629802021	Feedback form

4. Date & Time: 6 June 2023

5. Number of Attendees: 10

6. Event Details:

1. Introduction:

On 6 June 2023, a presentation on the topic of 'Confidence' was delivered by a group consisting of Dhruv Parashar, Karthik Nair, Barun Wason, Saurabh Sharma, and Dhruv Kaushik. The primary objective of the presentation was to provide insights into the reasons for low confidence among individuals and offer practical tips and tricks to help individuals build and maintain confidence.

2. Presentation Structure:

The presentation began with an introduction that highlighted the purpose of the presentation and what the audience could expect to gain from it. The group members provided a glimpse of the key topics that would be covered, including the reasons for low confidence and strategies to enhance confidence levels.

3. Content Coverage:

The group addressed various aspects related to confidence throughout the presentation. The topics covered included:

a) Reasons for low confidence: The group members discussed common factors that contribute to low confidence, such as past failures, negative self-talk, comparison with others, and fear of judgment.

b) Building confidence: Strategies and techniques were shared to help individuals boost their confidence. This section included tips on positive affirmations, setting achievable goals, stepping out of comfort zones, and embracing failure as a learning opportunity.

c) Overcoming challenges: The group also explored common challenges individuals face while trying to improve their confidence. They offered insights and practical solutions to overcome these challenges, such as seeking support from mentors, practicing self-care, and maintaining a growth mindset.

4. Activity:

An icebreaker activity was conducted as part of the presentation to engage the audience and encourage participation. The activity involved inviting audience members, Harshit Sachdeva and Riansha Vaid, to introduce themselves along with their achievements in two to three lines. This activity aimed to showcase the importance of self-confidence and provide examples of individuals who have achieved success.

5. Feedback and Criticism:

Following the presentation, a feedback system was implemented using a QR code. Audience members were encouraged to scan the QR code and provide their feedback on the presentation. Unfortunately, the group received criticism regarding certain aspects of their delivery:

a) Low confidence of the group: Some audience members perceived a lack of confidence among the

presenters. This could have negatively impacted the overall impression of the presentation.

b) Lack of cohesion in slides: It was noted that the slides used in the presentation lacked cohesiveness, which may have affected the flow and clarity of the content.

c) Movement during the presentation: The group members were observed moving around and exhibiting excessive body movement, which could have been distracting for the audience.

6. Conclusion:

In conclusion, the presentation on 'Confidence' aimed to provide valuable insights and practical tips to enhance self-confidence. While the content coverage was comprehensive, feedback received highlighted areas for improvement. Addressing the concerns raised about the group's confidence level, slide cohesion, and movement during the presentation would contribute to future presentations being more effective and impactful.

The group appreciates the feedback received from the audience and will incorporate these suggestions to enhance their presentation skills and deliver more cohesive and confident presentations in the future.

Presentation:

Confidence

BY THE END OF THIS PRESENTATION, WE AIM TO EMPOWER YOU TO TRANSFORM FROM A STATE OF SELF-DOUBT TO ONE OF UNSHAKABLE CONFIDENCE.

Topics Covered in this Presentation:

- What is Confidence?
- Why Confidence Matters: The Many Benefits of Self-Assurance"
- Unpacking Low Confidence: Understanding the Root Causes
- Confidence Building: Techniques and Tips for Success
- Tips for maintaining confidence

What is Confidence?

- Confidence is a belief in oneself, one's abilities, and one's judgments.
- It is a state of mind characterized by feelings of self-assurance, self-reliance, and self-esteem.
- Confident individuals tend to approach challenges with a sense of optimism and a belief in their ability to succeed.
- Confidence is not the absence of fear or doubt, but rather the ability to push past those emotions and take action towards one's goals.

Why Confidence Matters: The Many Benefits of Self-Assurance

Confidence is linked to almost every element involved in a happy and fulfilling life. I highlight four key rewards of self-confidence below:

- **Greater motivation** --Building confidence means taking small steps that leave a lasting sense of accomplishment. If you could triumph through adversity then, you can do it in other areas of your life where you feel self-doubt.
- **Less fear and anxiety**~ The more confident you become, the more you'll be able to calm the voice inside you that says, "I can't do it." You'll be able to unhook from your thoughts and take action in line with your values.
- **Improved Relationships** Self-confidence can also breed deeper empathy. When you're not preoccupied with your own self-doubt, you can be the person who reaches out to help others.
- **Stronger Sense of Your Authentic Self** -confidence roots you in who you really are. You'll be able to accept your weaknesses, knowing they don't change your self-worth. You'll also be able to celebrate your strengths and use them more fully.

Understanding the root causes of low confidence

You've let the past negative experience get to you

Comparison an social pressure

Perfectionism and self-criticism

Lack of support

Lack of skills and knowledge

Proven Strategies for Building Confidence and Boosting Your Self-Esteem

- Recognize and emphasize your strengths. Reward and praise yourself for your efforts and progress.
- When you stumble on an obstacle, treat yourself with kindness and compassion. Don't dwell on failure.
- Set realistic and achievable goals. Do not expect perfection; it is impossible to be perfect in every aspect of life.
- Slow down when you are feeling intense emotions and think logically about the situation.
- Challenge making assumptions about yourself, people and situations.
- Recognize that past negative life experiences do not dictate your future.
- Express your feelings, beliefs and needs directly and respectfully
- Learn to say no to unreasonable requests.

Tips for maintaining confidence

- Be kind to yourself
- Get outside your comfort zone
- Make a list of positive qualities
- Practice self-assured body language
- Realize you're not alone
- Set goals for yourself

COMMUNITY SERVICE

- 1) NGO:** Enlightened Kumud Trust
- 2) Venue and Time:** Model Town, 3PM
- 3) Faculty Coordinator:** Ms. Kanta Malik
- 4) Group:** Group No. 6 BCA EA

5) Student Details:

S.No.	ENROLLMENT NO.	NAME
1	00329802021	Barun Wason
2	02229802021	Dhruv Sharma
3	02929802021	Sanya Virmani
4	04229802021	Riansha Vaid

6) Objective:

To interact with underprivileged children by engaging them in enjoyable activities.

7) Details:

On April 14th, 2023, at 3:00 PM in Model Town, we visited Enlightened Kumud Trust, an NGO dedicated to providing support to underprivileged children in the local community. The organization works towards uplifting the lives of these children by offering education, healthcare, and other essential necessities.

Upon our arrival, the staff warmly greeted us and introduced us to a group of children aged between 5 to 16 years old. Despite the challenges they faced in their daily lives, the children radiated boundless energy and enthusiasm.

Initially, we introduced ourselves and interacted with the children to help them feel comfortable. The staff guided us effectively to ensure that we could familiarize ourselves with the environment and adapt quickly. We then distributed various stationary items such as notebooks, pencils, erasers, and colours among the children. The joy on their faces while writing their names and colouring in the notebooks was heartening to see.

We also engaged the children in various activities such as drawing, colouring, and playing frisbee, which kept them entertained and happy. These activities not only provided them with fun but also allowed us to form a deeper connection with them. We were also impressed by their talents in singing, dancing, and poetry.

The children taught us valuable lessons about resilience and finding joy in life's simple pleasures. Despite the many challenges they faced, they remained full of life and hope.

Overall, our visit to the NGO was an enriching experience that reinforced our belief in the importance of empathy, compassion, and community service.

8) Learning outcome:

Our visit to the Enlightened Kumud Trust NGO provided us with valuable insight into the lives of underprivileged children and highlighted the significance of supporting them through interactive activities and programs. We were impressed by the dedication and commitment of the staff towards improving the lives of these children.

Witnessing the positive impact of the NGO's initiatives on the children's lives reinforced our belief in the importance of community service and supporting those in need.
